LOUVRE 2440 MM

SHEET 3000 × 1220 MM

THE COLLECTION

Snazzy Bamboo Louvres

Bamboo-fibre composite louvres in a muted, architectural palette — charcoal, slate, olive and clay. Five profiles from a 14 mm deep flute down to a flat 1.5 mm mineral composite sheet, so a whole room can be wrapped in one colour family across different depths.

Every finish is held against the code printed beneath it. Quote the code and the profile when raising an enquiry, and order the full quantity against a single production batch — shades vary slightly between runs.

Water resistant Suited to kitchens, wash areas and covered balconies; will not swell like MDF.	Termite resistant The composite core carries no cellulose food source.	Fire resistant Self-extinguishing formulation; certificates available on request.
Colour stability UV-stable decor layer holds its tone in daylight interiors.	Anti-fingerprint Low-sheen face resists marking on high-traffic surfaces.	Easy to clean Damp cloth and mild detergent; no wax or polish required.

REFERENCE

Sizes & fixing

PROFILE	NOMINAL SIZE	APPLICATION
Snazzy L-5 / L-6	2440 × 122 × 14 mm	Deep fluted louvre — feature walls, reception fronts
Snazzy L-7	2440 × 122 × 12 mm	Fluted louvre with micro-textured face
Snazzy L-5	2440 × 122 × 11 mm	Slim fluted louvre — ceilings and soffits
Snazzy L-8	2440 × 167 × 9 mm	Wide fluted louvre
Mineral Composite Sheet	3000 × 1220 × 1.5 mm	Flat sheet — flush planes, shutter faces, wraps

INSTALLATION

Fix with adhesive on a true, dry substrate, or mechanically to a battened frame at 400–600 mm centres. Allow material to acclimatise on site for 24 hours before installation. Set out from the most visible corner so any cut panel lands where it will be least seen. Retain offcuts from the same batch for later repair.

CARE

Clean with a damp cloth and mild detergent. Avoid solvents, abrasive pads and steam. No wax, oil or polish is required at any point in the life of the panel.

Premium interior and exterior surface materials — supplied, detailed and installed.
